Time: 11.00 am to 12.00 noon
Mode: Online

Agenda:

1. To propose and approve the syllabus of Communicative English
2. To propose and approve the syllabus of Communicative English Lab

Members of the Board of Studies of English met on 14-09-2023 at 11.00 AM through online - Google meet link: <https://meet.google.com/rpp-ksnn-eyqto> discuss and finalize the syllabi of various courses related to the department of English(MICR23 Regulation).

Members Present:

1. Ch. Vijaya Kumar	Head,BED	Chairman,BoS
2. Dr. G. Suvarna Lakshmi	Professor	University Nominee
3. Dr. M. Suresh Kumar	Professor	Expert
4. Dr. Ch. Radhika	Assistant Professor	Expert
5. Dr. G.Ashok Vardhan	Associate Professor	Member
6. Mr. V BujjiBabu	Assistant Professor	Member

The meeting started at 11.00 am. Mr. Ch Vijay Kumar, the Chairperson initiated the meeting by welcoming all the members of the Board of Studies,English.

He proposed the agenda of the meeting which was aimed at finalizing the syllabi of 'Communicative English'and 'Communicative English Lab' that is common to all the branches of the first B.Tech.

Prof. Suvarna Lakshmi, the University Nominee made a few observations regarding the course content that was proposed by JNTUK. She proposed the following:

- Even distribution of workload among English faculty of the college
- Listening and speaking components of the theory to be moved to lab and writing topic(s) of the lab to be moved to theory classes

CHAIRMAN
Board of Studies in English

- Integrated approach to be followed to teach all language skills in relation to the content prescribed by JNTUK
- Each genre related text has a distinct writing style and process which has to be taught-learned in the language classes. For example, Unit-III on biography can be used
 - i. to teach introducing self and others in various contexts (formal and informal and various occasions) orally. (speaking- can be moved to lab))
 - ii. to teach writing resumes and CVs (writing)
 - iii. Taking notes while listening (noting down important events in one's life) (listening)
 - iv. Reading and differentiating the style of presenting information in biographies and autobiographies (reading)
 - v. Style of speech that varies according to the occasion-accent and tone (pronunciation)
 - vi. Descriptive vocabulary (how one person could become famous)-describing, people, places and processes (vocabulary)
 - vii. Common errors made while talking about self and others (grammar)
- Instead of teaching English phonetic alphabet, let the concentration be on teaching them neutral accent so that the students could be helped to get rid of MTI.
- Question paper should test the skills learned but not the content alone. So, easy grammar bits can be replaced with skills test based on the text but not the content.

Prof. Suresh Kumar suggested that:

- Peer group activities could be encouraged in the classrooms and lab sessions.
- Formative assessment (once a week) could be carried out to check the progress of the students every week.
- Teacher talk time has to be reduced and student talk time has to be increased.
- Use of authentic material for language learning (E.g.: news papers) would foster language learning.

Dr Radhika has given her inputs on the Lab syllabus. She suggested:

- a list of 20 to 30 words with their pronunciation could be given to the students
- Lab assessment includes more speaking activities such as GD, Debate, Role Play and JAM.
- 10 marks for written exam and 20 marks for oral exams can be the division of Lab internal exams.

Other suggestions:

- Bluetooth speakers could be used in the theory/lab classes wherever listening skills are to be practiced.
- Additional materials (Supplementary) can be made available for students on the college LMS.
- Continuous language assessment can help build portfolio assessments.
