Department of Mechanical Engineering

Academic Year: 2018-2019

Name of the Event: ATONOMOUS ROBOTIC WORKSHOP

Date of the Event: 28-08-2018 to 29-08-2018

Resource Person: Training and Placement

Name of the coordinator: D DIVYA Asst Professor, Dept of ME

Target Audience: IV B. Tech Students

Total no of Participants: 100

Description:

The Department of Training & placement cell organized "Training and Placement", and is specially meant for engineering final students. The sole objective of imparting aptitude training is to make students able to critically evaluate various real-life situations by resorting to an analysis of key issues and factors. This Aptitude Training helps them to demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions. Logical reasoning is a test of a skill rather than a test of learned knowledge. This is used to determine a student's critical thinking skills, as well as their ability to use their own knowledge to solve a problem. Soft Skills (a vital portion of an individual's personality) is an intangible idea in which the qualities like attitude, ability, integrity, reliability, positivity, flexibility, dependability, punctuality, management, cooperation, habits and practices are combined proficiently to capitalize on a person's work efficacy. Soft Skills do the work of combining all these components in accurate share into skills and shaping them into competencies. The aim of the coding is to produce high quality system which can be performed in any situation. The programmer removes all the errors related to syntax and format and all the logical errors which find in the programmer during the coding phase.

Devineni Venkata Ramana & Dr.Hima Sekhar
MIC College of Technology

(Approved by AICTE & Permanently Affiliated to JNTUK, Kakinada)

Kanchikacherla - 521180, Krishna Dist, A.P. India.
Phone : 08678 - 273535, 273623, Fax: 08678 - 273569
e mail: dvthemic@micttech.ac.in, Website: www.micttech.ac.in

Outcome of event: After completing this training course, students will be able to

1. Enhance the Aptitude Round Clearing ability in the interview process
2. Solve the real-time problems for performing job functions easily
3. Interpret the concepts of LOGICAL REASONING Skills
4. Develop effective communication skills (spoken and written).

Feedback / Suggestions: Students are participated in an enthusiastic manner.

Planned to organize every year.

Department of Mechanical Engineering

Academic Year: 2018-19

Name of the Event: MECHANICAL SOFTWARE TRAINING

Date of the Event: 15-12-2018 to 18-12-2018

Resource Person: Training and Placement

Name of the coordinator: **R Ranjith Kumar**
Associate Professor, Dept. of ME

Target Audience: IV B. Tech Students

Total no of Participants: 54

Description:

The Department of Training & placement cell organized “**Training and Placement**”, and is specially meant for engineering final students. The sole objective of imparting aptitude training is to make students able to critically evaluate various real-life situations by resorting to an analysis of key issues and factors. This Aptitude Training helps them to demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions. Logical reasoning is a test of a skill rather than a test of learned knowledge. This is used to determine a student’s critical thinking skills, as well as their ability to use their own knowledge to solve a problem. Soft Skills (a vital portion of an individual’s personality) is an intangible idea in which the qualities like attitude, ability, integrity, reliability, positivity, flexibility, dependability, punctuality, management, cooperation, habits and practices are combined proficiently to capitalize on a person’s work efficacy. Soft Skills do the work of combining all these components in accurate share into skills and shaping them into competencies. The aim of the coding is to produce high quality system which can be performed in any situation. The programmer removes all the errors related to syntax and format and all the logical errors which find in the programmer during the coding phase.

Devineni Venkata Ramana & Dr.Hima Sekhar
MIC College of Technology

(Approved by AICTE & Permanently Affiliated to JNTUK, Kakinada)

Kanchikacherla - 521180, Krishna Dist, A.P, India.

e mail: dvrhamio@micotech.ac.in, Website: www.micotech.ac.in

AUTONOMOUS

NBA-Accredited
B.Tech (CSE |ECE|ME)

Accredited by
NAAC A
With Grade A

Outcome of event: After completing this training course, students will be able to

1. Enhance the Aptitude Round Clearing ability in interview process
2. Solve the real-time problems for performing job functions easily
3. Interpret the concepts of LOGICAL REASONING Skills
4. Develop effective communication skills (spoken and written).

Feedback / Suggestions: Students are participated in enthusiastic manner.

Planned to organize every year.
