MIC CSE Alumni Virtual Reunion-2022

The Event Report

Date of the Reunion: 5 Feb 2022

Mode: Virtual

The MIC Alumni association of DVR & Dr HS MIC College of Technology organized “**MIC CSE Alumni Virtual Reunion-2022**” - a meet to facilitate, consolidate and coordinate Alumni activities at College on 5th Feb at 11:00 AM. The alumni meet is planned to reconnect with the Alumni and celebrate their success and various other achievements.

It was decided to have virtual meet with CSE Students who enrolled in the year 2013, 2014 & 2015. Invitation was made and circulated to the students through social media like Instagram, Facebook & LinkedIn and WhatsApp groups. With the invitation, link was shared to register. The confirmation to attend the reunion meet was taken from students through google forms.

The reunion meet was graced by the CEO of college, President, Vice-president & Secretary of MIC Alumni, all the HODs, Advisory Board members & faculty-in-charges of all the departments.

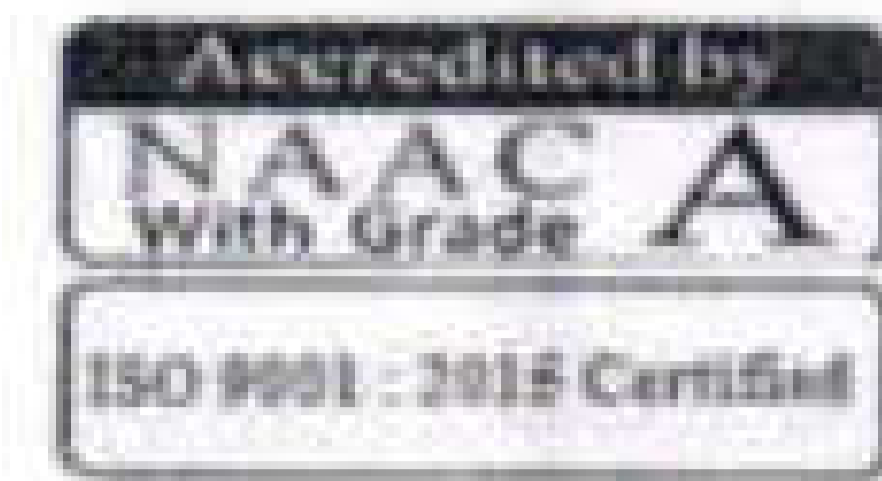

The meet began with a welcome dance which was performed by Miss Tanmayee from Artificial Intelligence and Data Science. The CEO Mr D Panduranga Rao gave the welcome address and motivated them to have progress in their professional life. He advised them not to forget their value systems, work ethics and humanity. The President of MIC Alumni, Mr Suhas congratulated and motivated students to contribute towards the goal of MIC Alumni-**Grow Together**. The Principal cum vice-president of MIC Alumni Dr. K Srinivas gave his hearty congratulation to students on their success and

Current organization: Working for Infinera,

Designation: SW QA ENGR 2

Current CTC: 13LPA

- **Message:** Many students dream is to get a good job and I can proudly say that I made that dream come true by getting a core job in reputed MNC. I started my career in VAYU company which is a start up, with package of 3 LPA, where our work related to optical & networking. With 2 years' experience in Vayu, I got an offer from INFINERA as a SW QA ENGR 2 with package of 13.5LPA. This is all because of my college. My college supported me a lot in various ways. Our professors mainly focused on the concepts and gave valuable inputs which helped me to get campus placement. Besides theoretical inputs, the well-equipped labs gave much scope for improving my practical knowledge. The co-curricular and extra-curricular activities organized by the college honed my interpersonal skills which really helped me to adapt to the multicultural ambience in my working environment. I can proudly say that MIC is not just an educational institute but it is an 'EMOTION' to all the Alumni.

3. Name: VamsiYangala

Current organization: Zentree Labs

Learning from professors here at MNC helped both knowledge and moral values in the classroom. Much needed combination for today's world. Has helped me in unleashing my true capabilities and transforming into a better individual. Science, computer, math, and mathematics. Well furnished lab, and library are the strength in this case. I consider MNC as a great school. But I love MNC with all the perks required to face the actuality.

మన కాలేజీలో నేను చదివినప్పుడు నేను చాలా సుఖంగా ఉన్నాను. నేను చాలా సుఖంగా ఉన్నాను. నేను చాలా సుఖంగా ఉన్నాను.

The time which I spent in MNC was really enjoyable and the memorable I just want to tell my juniors is that college is all about building friendships, building experiences, building connections, building relationships and more importantly building your future. It is a place which will make you answer a lot of life's questions. In the nobody will help you until you start helping yourself. Your current situation gives an opportunity to re-evaluate what you want to become.

Vasavi Chennagiri

MNC college made me strong and independent. get I was the class representative in TCE department. MNC helped me to develop leadership qualities in me. I am thankful to all the teachers who supported and directed us throughout our engineering. I participated in many competitions which helped me to improve my confidence levels. I would like to express my sincere gratitude to the placement cell for guiding me and providing me a right platform for my professional career.

Ch. Manohita

Working in WIPRO Limited in Bangalore.

My experience at MNC was great, fun and memorable one. It helped me to discover more about myself. Faculty members are very supportive and encourage students to achieve their goals. MNC not only helped me to gain academic knowledge but also helps students to improve their communication skills. Placement training is an important segment of the college which helped me to get selected in MNC company and build confidence in me. I'm grateful to MNC College for making me a better person.

K. Eelokya

Working as Senior Systems Engineer, at Infosys Limited, Hyderabad.

I would like to suggest my juniors that first you decide in which field you have interest and want to work for eg software, hardware, embedded or VLSI etc., and then read to books that is related in today's world. We have everything on internet to gain knowledge and improve your skills. You can pursue many MOOC courses. Based on your skills apply for internships. Finally destiny will be yours. Cheers and good luck kidds.

Vamsi Yangala

Working as Engineer in Zentree Labs.

My college supported me a lot in various ways. Our professors mainly focused on the concepts and gave valuable inputs which helped me to get campus placement. Besides theoretical inputs, the well-equipped labs gave much scope for improving my practical knowledge. The co-curricular and extracurricular activities organized by the college honed my interpersonal skills which really helped me to adapt to the multicultural ambience in my working environment. I can proudly say that MNC is not just an educational institute but it is an INDICTION to all the Alumni.
